Normative References

You must include a schemaRef element in the references section of your iXBRL instance with the correct reference for the particular taxonomy(s) you are using for submissions to the test and live services (Computations and Accounts), e.g.

```
<ix:references>
<schemaRef xlink:href="http://www.hmrc.gov.uk/schemas/ct/comp/taxonomies/2008-10-07/ct-2008-10-07.xsd" xlink:type="simple" xmlns="http://www.xbrl.org/2003/linkbase"/>
</ix:references>
```
